

High-Level Data Flow Overview: A Thematic Guide to the NFL's Workflow

Ready to transform your content creation process and propel your organization forward?
Talk to us to discover how OpenDrives can make a difference in your workflow and help
you achieve your growth goals: opendrives.com

“

When it came to designing this resiliency into this product, **this was the company that introduced me to a new idea, something I didn't know, something that nobody else seemed to know, but meant the world to me.**

— Jason Schroeder, Broadcast Engineer,
National Football League (NFL)
